

CALL FOR POSTERS

The 10th IEEE/ACM International Symposium on Cluster, Cloud and Grid Computing (CCGrid 2010)

May 17-20, Melbourne, Victoria, Australia

We invite participants to submit posters to the CCGrid 2010 conference. CCGrid aims at presenting the latest breakthroughs in Cluster, Cloud and Grid technologies. The submission areas of interest for posters match that of the conference, and include the following:

- Cluster technologies, Grid Architectures and Systems
- Utility Computing Models for Clusters and Grids
- Grid Economies and Service Architecture, Service Composition and Orchestration
- Middleware for Clusters and Grids
- Parallel and Wide-Area File Systems
- Peer-to-Peer Systems
- Cloud Computing
- Community and collaborative computing networks
- Grid Trust and Security
- Support for Autonomic Grid Infrastructure
- Resource Management
- Scheduling and Load Balancing
- Programming Models, Tools, and Environments
- Performance Evaluation and Modeling
- Grid-based Problem Solving Environments
- Scientific, Engineering, and Commercial Applications

Posters can be submitted in one of two ways:

1. **Proceedings published posters:** Participants submitting proceedings published posters are required to submit up to 2 pages short paper describing the poster content, research, relevance and importance to the cluster, grid and cloud computing community. If accepted, these 2 pages short papers will be published in the proceedings of the conference.
2. **Web published posters:** These posters require a short 1-page abstract to be submitted. These abstracts will not be included in the conference proceedings, but will be published on the conference website.

For both forms of posters, participants will be able to display the poster during the conference and give a short presentation about their poster.

Two awards, (a) **best poster award** and (b) **best poster presentation award**, will be presented to two posters, as sponsored by ManjraSoft.

Technical Posters Committee

Pavan Balaji, Argonne National Laboratory (**Chair**)
Ahmad Afsahi, Queen's University
David Bernholdt, Oak Ridge National Laboratory
Darius Buntinas, Argonne National Laboratory
Yong Chen, Illinois Institute of Technology
Mark Gardner, Virginia Tech
Torsten Hoefler, Indiana University
Hyun-wook Jin, Konkuk University

Guillaume Mercier, INRIA, France
Nicholas Karonis, Northern Illinois University
Zhiling Lan, Illinois Institute of Technology
Jiuxing Liu, IBM Research
Scott Pakin, Los Alamos National Laboratory
Sayantan Sur, IBM Research
Abhinav Vishnu, Pacific Northwest National Laboratory
Venkatram Vishwanath, Argonne National Laboratory

Important Dates

Deadline for proceeding published posters	: Jan 18th
Notification of Acceptance	: Feb 5th
Final Version Due	: Feb 12th
Deadline for web published posters	: Apr 1st
